CHALLENGE

Moneybox found that growing their team in such a short amount of time was a huge challenge.

They experienced a lack of direct applications which didn't help them to reach their aim to scale their support team from 5 to 30 people. So, Moneybox needed a new hiring solution, and fast.

SOLUTION

Moneybox chose Tempo as they needed a platform that allowed them access to high quality candidates that they could hire at volume. Since using Tempo, Moneybox have successfully made 17 hires across their Customer Support and Operations teams.

*“The best thing for me about Tempo is the quality of candidates that are on the platform. I know when I'm reaching out to candidates I'm going to have a really good quality conversation.”*
